Important Notes

- **Length of the presentation**
 - please see **THE PROGRAMME** for exact timing
- **Format of the presentation:** PPTX (PowerPoint) or PDF, 16:9 format – use the provided Powerpoint template
- **Upload your presentation through the online CONGRESS PLATFORM or re-upload it in the Speaker Ready Room onsite** *(the room will be announced later to the congress dates)*
- **Only the presenting author (not the submitting author) will be permitted to upload the presentation.**

Preparing your presentation

- Please prepare your presentation in **16:9 format** (screen are in format ratio 16:9).
- We recommend you save your PowerPoint presentation using PPTX format or PDF.

Types of oral presentations

The Scientific Committee is excited to have so many invited talks and excellent oral and poster presentations. Please read through some advice on timings and presentation preparation

- **Invited talks - symposia and plenary** - Plenary talks are 25 minutes with 5 minutes for questions. Symposia talks are generally 15 minutes talk time with discussion at the end but may be shorter. Please refer to the detailed programme and your session moderator if unsure. Please ensure your talk does not exceed the time allocated. All invited speakers **MUST** display a completed conflict of interest slide for our EACCME accreditation. Please also consider social media and mark slides with provided icon that specifically should NOT be photographed or shared by the audience.

World and European Congress of the International Union against Sexually Transmitted Infections

14–17 October 2026, Prague Congress Centre, Czech Republic

IUSTI
WORLD CONGRESS
2026 PRAGUE

- **Free papers** – The Free papers are the abstracts which were accepted as oral presentations. All talks are EIGHT (8) minutes with TWO (2) minutes for questions to fit in SIX talks in a one-hour session. Sessions are themed. Please respect your peers and colleagues by keeping presentations concise. Avoid long detailed introductions - you are speaking to an informed audience. Focus on your novel findings and their implications for future research and practice. Do allow time for questions as these allow your work to be challenged and raise issues you may not have thought of.

Conflict of interest

- Please fill in the conflict-of-interest form provided in the presentation template and include it in your presentation.

AI, permissions and acknowledgements

- Please ensure that you have informed consent for any case presentation or clinical photography and avoid anything that may lead to identification.
- Ensure that all contributors and grant funders are correctly acknowledged. Ensure that you have permission to share any image that you show by checking the Creative Commons licence.
- Many presenters use AI-assisted tools to help organise thoughts and prepare presentations and graphics. Where you do so, please indicate this on the slide or in your methods.

Social media policy

- In case you do not permit your presentation to be shared on photos or social media, please use the icon provided () in the template to indicate that. If you don't have any problems with your presentations being shared, just delete the icon.

Images / Videos

- **JPG is the most frequently used format and preferred format.**
- GIF, TIF, BMP and PNG are also accepted.
- To display images in a good quality during presentation, a resolution of up to 250 dpi is sufficient. Higher image resolution only increases the file size and does not make the image look sharper on the screen. Please compress the images in your presentation to the recommended resolution.
- **If your presentation contains a video, please come to the Speaker Ready Area earlier so that we can test whether your video format is compatible with our software and whether the video has been inserted correctly.**

Uploading your presentation
